

Two Storey Emergency Escape Ladder

Having an escape ladder available during an emergency situation can mean the difference between life and death.

Every two-storey home should have at least one ladder easily accessible in an upstairs bedroom.

Features:

- Extremely easy to deploy.
- Attaches quickly to window over 16" wide and less than 11" deep (from interior to exterior wall).
- Tangle-free design.
- Extremely strong but lightweight.
- Fully assembled, compact storage.
- 13ft in length. 3-storey, 25ft ladder also available. Same specifications as above.
